

ECO 3101: Intermediate Microeconomics

Syllabus

Joe Whitman

Office: 331 Matherly Hall

Email: jwhitman89@uf1.edu

Web: josephwhitman.com

Course Location: 103 Matherly Hall

Course Times: M&W 1:55pm - 3:50pm

Course Description and Objectives

Starting with standard assumptions about consumer preferences, we will develop the foundations for how economists model consumer behavior, demand for products, and more. The study of these topics is intended to give students a deeper understanding of microeconomic theory and economic analysis. Frequent (graded) homework assignments and exams and (ungraded) exercises will help you develop the analytical tools and economic intuition needed to understand and solve the variety of economic problems we will encounter in this course.

Course Information and Policies

- *Website:* This course has a website on Canvas (uf1.instructure.com). Assignments and grades will be posted here. If you have trouble logging in, please let me know.
- *Office Hours:* I am available in my office (331 Matherly Hall) on Fridays from 2pm-4pm. You can also reach me by email at jwhitman89@uf1.edu to schedule an appointment.
- *Required Textbooks:*
 - “*Intermediate Microeconomics: A Modern Approach*”, 9th ed., by Hal R. Varian (ISBN: 978-0-393-12396-8)
 - “*Workouts in Intermediate Microeconomics: A Modern Approach*”, 9th ed., by Theodore C. Bergstrom and Hal R. Varian (ISBN: 978-0-393-92261-5)
 - There is also a bundled version (ISBN: 978-0-393-26008-3) which may be cheaper than buying each separately.
- *Prerequisites:* Principles of Microeconomics (ECO 2023 or equivalent) and Calculus I (MAC 2311 or equivalent).
- *Attendance* is **required** but not graded. You are responsible for any material you may have missed during lectures and I do not distribute lecture notes. Please show up for class on time as late arrivals are very disruptive.
- *Communication:* Other than lecture and office hours, I will communicate with you through your university email and the Canvas website. I will send important class announcements via email, so please check your email regularly.
- *Late work* of any kind will not be accepted.
- *Cellphones* and other electronic devices (including laptops and tablets) may not be used during class, and should be turned off or silenced to avoid disrupting other students.

Assignments

Your grade is split across the following assignments:

- Problem Sets (10%)
- Midterm Exam 1 (30%)
- Midterm Exam 2 (30%)
- Final Exam (not cumulative) (30%)

Problem Sets

Note the due dates listed in the course schedule below. Late problem sets are not accepted. You may study the problem sets with your classmates (I encourage you to study in groups!) but every student must turn in their own work. Simply copying a classmate's work is not allowed. Your answers must be legibly written or typed and graphs drawn neatly. Staple pages together and write your name on the first page so your work is not lost. **Problem sets are graded based on completion**, not correctness. Points may be deducted for failure to follow the directions given in the problem set.

Exercises

These are optional extra problems that you can use for practice. These are not turned in or graded. Exercises are found in the workbook. I recommend doing the even numbered problems because the answers are at the back of the workbook.

Exams

All exams are given in class and closed book. Exams are non-cumulative but may implicitly use concepts covered on previous exams. You may not consult with others or use notes of any kind during the exam. **Only simple (four-function) calculators are allowed.** This means a calculator that doesn't do much more complicated than divide, multiply, add and subtract. Graphing calculators (such as the TI-83) are definitely **not** allowed. If you are unsure if your calculator is allowed, please ask. I do not bring extra materials to exams (such as calculators or pencils) so be sure to bring your own. Makeup exams are only given in extreme cases (ex. medical emergency). Makeup exams must be taken within one week of the original exam date unless the student is hospitalized, jailed, or otherwise physically incapacitated. If you have an excused absence on an exam day, let me know well in advance.

Grading Policy and Scale

I do not offer incomplete grades, substitute work, or grade changes. Extra credit is only offered under special circumstances and at my discretion. If extra credit is offered, it will be offered to the entire class. Individual students will not receive extra credit assignments. The grading scale is as follows (I do not grade on a curve):

- (A) 92-100
- (A-) 90-91.99
- (B+) 87-89.99
- (B) 83-86.99
- (B-) 80-82.99
- (C+) 77-79.99
- (C) 73-76.99
- (C-) 70-72.99
- (D) 60-69.99
- (E) 0-59.99

These letter grades correspond to your GPA according to UF's grading point guidelines. ¹

Etiquette and Professional Conduct

As university students, you are expected to observe common classroom etiquette and conduct yourself in a professional manner. **Any behavior that disrupts the learning of other students is unacceptable.** The following guidelines are given to help students who are still adjusting to a university environment or are otherwise unsure about classroom etiquette.

- Arrive on time and remain in class for the duration of the lecture. If you must leave, do so as quietly as possible so you minimize the disruption to other students.
- Bring necessary materials to class, such as a notebook and a writing instrument. Supplies will not be provided to you.
- Avoid side conversations with your classmates during lecture. This is very distracting to other students and to your instructor.
- All communication should be polite and courteous.

Online Course Evaluation

Students in this course can provide feedback on the quality of my instruction by completing evaluations online at: evaluations.ufl.edu. These evaluations are typically open during the last two or three weeks of the semester, but I will remind you of the specific times when they are open. These evaluations help me become a better instructor so I strongly encourage you to complete them.

Academic Honesty

The following is a statement from UF regarding academic honesty: “UF students are bound by The Honor Pledge which states, ‘We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: On my honor, I have neither given nor received unauthorized aid in doing this assignment.’ The Honor Code² specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.”

Students with Disabilities

Students with disabilities requesting accommodations should first register with the Disability Resource Center³ by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Student Athletes

Student athletes are responsible for reporting any days they are unable to attend class due to conflicts with their athletic schedule by the second week of class.

Student Wellness

Life does not stop for coursework. If you have a serious physical or mental health issue come up at any point, I strongly encourage you to seek help. Here are some resources that may help you:

- The Counseling and Wellness Center:
counseling.ufl.edu/cwc/Default.aspx
(352) 392-1575
- The University Police Department:
(352) 392-1111 or 9-1-1 for emergencies.
- The Student Healthcare Center:
shcc.ufl.edu/contact/
